CAR STORAGE

THE GOODWOOD WAY

For all of us, having the space and time to store and look after our cherished cars is a constant challenge.

In the second half of 2025, Goodwood will open a purpose-built car storage facility, right here in the heart of West Sussex. Available as an exclusive benefit for the Goodwood Road Racing Club, it will offer a convenient solution to this perennial problem.

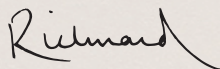

Of course, it will do all the obvious things brilliantly well. Your car will be safe and secure with a 24/7 security team and full CCTV coverage, a state of the art fire detection system, cosseted in a climate-controlled environment, and available whenever you want it.

But that's not what will make Goodwood's storage special; it's the opportunities it will unlock for you to really make the most of your car.

Whether you want to bring it to one of our internationally acclaimed events, put it through its paces on the circuit, or simply take it for a drive around the rolling hills of the South Downs, there is nowhere in the world better than Goodwood to enjoy your pride and joy.

In many ways, storing your car here is a natural extension of your membership, allowing you to take full advantage of Goodwood as a location, year-round.

I will be storing my cars in Goodwood's new facility, and I very much hope you will join me.

The Duke of Richmond and Gordon, CBE DL

ABOUT

GOODWOOD CLASSIC SOLUTIONS

Underpinned by Goodwood's 75 years of vehicle experience and unique position within the automotive industry, Goodwood Classic Solutions now covers two core offerings: Car Storage and Classic Car Insurance.

Goodwood is home to world-renowned motorsport events including the Festival of Speed, and the Revival, welcoming tens of thousands of owners, drivers, and collectors of cars to the historic Motor Circuit and hillclimb every year. With an undeniable passion for cars – from classics all the way to concepts – the team at Goodwood understands what car enthusiasts need when it comes to vehicle ownership.
